Mercedes-Benz Citan

Prices effective from June 2020.

Mercedes-Benz

Genuine Accessories designed to keep you moving.

At Mercedes-Benz Vans we offer a wide range of accessories and optional features to enhance your driving experience, security and safety.

More than just 'accessories', these components have been developed to do their job as effectively as possible, while delivering quality that's built to last. They ensure your Citan delivers even more versatility, inside and out. They mean you're able to make your van as individual as your business is. And above all, they help to keep your business moving.

Protection

Keep your Citan looking its best with all the protective accessories you could need to guard against dirt, scratches and day-to-day wear and tear.

01 All season mats

02 Rep mats

03 Velour floor mats

04 Shallow load compartment tub

05 Seat cover

Made from dirt and water-repellent rubber, these mats help protect the floor of the vehicle. Hardwearing and easy to clean, they're embossed with the Mercedes-Benz logo for a premium look and feel.

Our needle felt floor mats are durable and extremely robust. They're also embroidered with Mercedes-Benz lettering for a clear sign of quality.

Our velour floor mats offer durability, fade-resistant colour and a neutral odour – even after three winters of use. The mats can be clip-fastened to the floor to prevent slipping and are marked with Mercedes-Benz lettering.

Made from lightweight, robust plastic, our shallow load compartment tub provides protection from dirt and scratches. The tub is marked with the Mercedes-Benz logo.

Citan seat covers are made from black Lima fabric, which means they are easy to care for and breathable – to keep your seats in pristine condition. They are washable at 30°C, do not fade and are water resistant too.

Technology

Our technology accessories will help you stay on the move for longer, keeping you connected and helping you enjoy every journey that little bit more.

01 Cruise control, without rear wipe/wash function

Accelerate, slow down and maintain a steady speed, all via a single control stalk. Cruise control is a convenient feature, not just on long journeys, but on shorter trips too.

Storage and Towing

Ladders, tools, work gear, skis... if you need to load a little extra on to your Citan then we've got the fittings you need to feel confident carrying more. Each component has been precision-designed to fit seamlessly with your vehicle, and ensure that everything is held safely in place at all times.

01 Standard basic carrier bars

Secure your tools or equipment to these carrier bars, which screw-fit to the van's roof channel. The robust steel structure of the bars is designed to withstand the toughest demands.

02 Ladder rack

Transport ladders safely and securely on these basic carrier bars. The Citan's ladder rack has a beautifully simple design and is also quick to fit.

03 Cargo rack with loading roller

Expand your cargo space and transport your bulkier loads with ease. The robust steel structure means you can carry heavy loads with confidence.

04 Roof rails with integral basic carrier bars

05 Rigid trailer coupling

06 Tow Bar electric kit

07 Mercedes-Benz roof box

Increase your load capacity with these roof rails, which can also be used as a roof rack. The side supports can simply be raised up into a carrying position to secure your gear in place.

Attach a trailer in confidence, thanks to our coupling's corrosion-protected finish and maximum drawbar load of 75 kg.

Ensure your vehicle's rear lighting is connected safely to your trailer with our Tow Bar electric kit. The kit includes all the items you need to successfully complete your trailer coupling.

Expand your cargo space and transport your bulky and heavy loads with our durable roof box – made with a robust steel structure.

Safety

Keep yourself – and your passengers – safe and sound. We invest £4.6 billion a year in R&D to ensure our vehicles are fitted with the latest safety equipment. And to complement your Citan's integrated safety features, we offer the reassurance of child seats for all ages as well as a high-visibility jacket.

01 KIDFIX XP child seat, with ISOFIT

Suitable for children between the ages of 3-12 (15-36kg bodyweight), the KIDFIX XP child seat attaches securely with an ISOFIT fitting – or with the vehicle’s three-point seat belt if ISOFIT isn’t available.

Large padded wings, courtesy of the energy-absorbing XP-PAD, enhance side impact protection while the seat’s V-shaped backrest, adjustable belt guides and headrest mean that the seat will grow with your child. The backrest can even be removed to transform the KIDFIX XP into a booster seat.

Replacement covers are available separately. Weight of seat approx. 7.6kg.

02 DUO plus child seat, with ISOFIX

Children between 9 months to 4 years (weighing 9-18kg) will enjoy travelling in our DUO plus child seat. Easily adjustable to accommodate sitting, reclining and sleeping, as well as keeping up with your child as they grow, the seat offers optimum protection and features a top-tether strap as standard. It can be fitted with the ISOFIX attachment system, or used with the vehicle’s three-point seat belt.

03 BABY-SAFE plus II child seat, with automatic child seat recognition

Designed for the smallest of passengers (0-13kg), our BABY-SAFE plus II seat includes a patented D-Sip system to improve side-impact protection, easily-adjustable head restraints, an adjustable carrying handle, a curved base for rocking or feeding and removable, washable seat covers. What’s more, the seat integrates with your vehicle to ensure automatic recognition and airbag shut off.

04 Fluorescent jacket, compact

This bright yellow jacket with fluorescent strips makes you more visible to others, for optimum safety in every situation. Rolled for compact storage and supplied in an individual fabric bag, it’s ideal for stowage compartments in vehicle doors.

Fixings

Ensure all your extra cargo is kept securely in place with our fixings accessories. We've everything you need to fully equip your Citan and get your load from A to B without any issues.

01 Tie-down strap

This reliable accessory is made for everyday use. Designed to secure objects in place and stop them from sliding around during your journey, the tie-down strap prevents damage to cargo and also protects passengers from moving objects, particularly under heavy braking.
