# Cargo and Storage

From tools of the trade to outdoor accessories - if you need to load a little extra onto your Vito, we've got the fittings you need. And because every component is precision-designed to fit your vehicle, you can be confident that everything is safely held in place.

**01 Standard basic carrier bars**

**02 Ladder rack**

**03 Rear-mounted bicycle rack, on tailgate**

**07 Mercedes-Benz roof box**

Secure your tools or equipment to these carrier bars, which screw-fit to the van's roof channel. The robust steel structure of the bars is designed to withstand the toughest demands. Suitable for models with a standard roof.

Transport ladders safely and securely on these basic carrier bars. The Vito's ladder rack has a beautifully simple design and is also quick to fit.

Carry up to four bikes (or two e-bikes) with ease. Our high-quality anodised aluminium rack fits quickly and securely to the tailgate – ideal if you use your Vito for more than just work. Maximum payload: 70kg.

Sturdy, durable and available in a variety of colours, our roof boxes make it easy to transport your leisure accessories – from snowboards to scuba-diving equipment. The single lock system keeps your cargo safe, while integrated straps hold everything in place. Optional extras such as ski bags and rack inserts are available separately. Meets all TÜV/GS safety requirements.
